

# Directions to Faulkes Telescope Project

*School of Physics and Astronomy*

*Cardiff University*

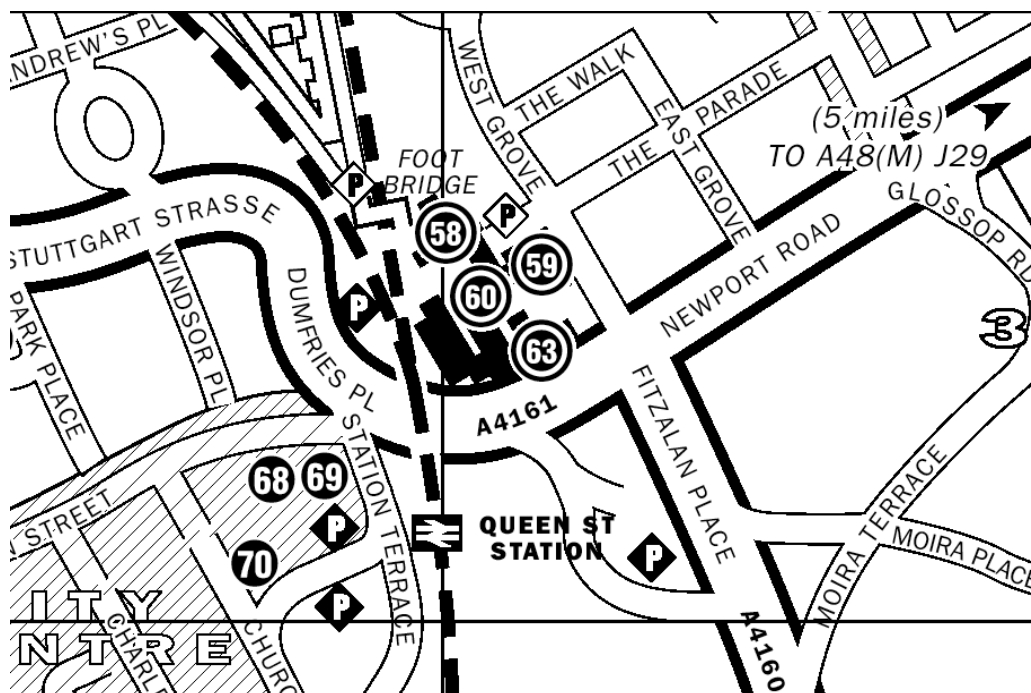

*Queens Buildings*

*The Parade*

**CARDIFF**

**CF24 3AA**

**United Kingdom**

From the M4, take junction 29 A48M - this leads you into Cardiff, and turn off at the first signed exit for the City Centre, which will also direct to the Docks - this is the top of Newport Road. There is a dedicated lane off the A48M taking you up to the left and then down towards a big roundabout (don't get into the outside lane as it will send you over a flyover and down towards the docks) - turn right at the roundabout and you will be on Newport Road.

You will travel right to the edge of the city centre before you get onto the map - best landmark is probably signs for Cardiff Bay, which send you down Fitzalan Place and towards the car park at Knox Road.

If you're coming by train, it's only a few minutes by taxi from Cardiff Central station.

Cardiff also has an airport.

On arrival please go to the School of Physics and Astronomy Reception which is on the First Floor of building 60 on the map above. This is not the porters lodge which is on the opposite side of the road.
